Sir/Madam:

I. Introductory Comments

In response to the nonfinal nonfinal Office Action issued on April 19, 2006 ("Office Action"), Applicant submits herewith for entry a terminal disclaimer to be entered that removes the sole remaining rejection based on nonstatutory double patenting. This paper should place all claims in this application in condition for allowance.

A listing of all claims is provided beginning on page 3 of this paper.

Remarks begin on page 8 of this paper. Applicant would like to specifically draw the Examiner's attention to several SB/08A sheets from previously-submitted IDS's. In

the April 19 Office Action, the Examiner indicates that these IDS's have been considered; however, the Office Action does not include initialed IDS sheets for four (4) of these IDS's (IDS's submitted 7/19/01, 12/21/01, 09/12/03, and 11/28/05). As the IDS's have already been considered, please simply return the initialed sheets. Details are provided below in Applicant's Remarks, and Applicant is providing copies of the SB/08A sheets herewith (provided as Exhibit A) for the Examiner's convenience.
